Subject : Admission as an IEC associate member

Dear Mr Perovic,

I am pleased to inform you that, following the voting of IEC member National Committees, the Montenegrin Electrotechnical Committee is admitted as an associate member of the IEC as of 1 January 2009. Please accept my congratulations on your admission. All IEC members are being informed accordingly by means of a Council document, copy of which is attached.

The Secretary of your National Committee will receive an email shortly from our Technical Information Support and Services (TISS) department giving detailed information about working with the IEC Central Office and the IEC in general. The IEC's business is essentially conducted electronically, including all correspondence. There is also a lot of useful and interesting information on the IEC website at www.iec.ch, including the IEC Statutes and Rules of Procedure.

Concerning the financial aspect of IEC membership, an invoice for 2009 membership dues for the Montenegrin National Committee will shortly be sent to Ms Valhovic, Secretary of the Montenegrin National Committee of the IEC, with a copy to you.

I wish you a warm welcome to the IEC community and look forward to seeing you at the next IEC General Meeting in Tel Aviv in October 2009.

Yours sincerely,

A. AMIT
General Secretary & CEO

INTERNATIONAL ELECTROTECHNICAL COMMISSION

COUNCIL

SUBJECT

Report on the voting on document **C/1544/DV**: Application from the Montenegrin National Committee for IEC associate membership

BACKGROUND

Document **C/1544/DV**, containing the application from the National Electrotechnical Committee of Montenegro for admission as an associate member of the IEC, was placed on the server for approval via the electronic voting facility by 2008-12-12. By this date, **thirty-nine (39)** National Committees had replied, all in favour of the application.

COUNCIL DECISION 2008/22 therefore reads:

“Council approves the application of the Montenegrin National Committee for IEC associate membership and welcomes the Montenegrin National Committee of the IEC.”

ACTION

National Committees are invited to note the positive results of the voting on document **C/1544/DV** and to welcome the National Committee of Montenegro as the IEC's 74th member.
